The Tower of Pisa

The Tower of Pisa is the bell-tower of the cathedral on Miracle Square. It is an emblematic monument of Italy, more precisely of the city of Pisa in Tuscany. Its construction started in 1173 and lasted three centuries. The particularity of this tower resides in its inclination, which formed very quickly during the construction because of the unstable ground upon which it was built. The Tower is 56 m tall and has a diameter of 15.5 m.
