### 2) EXPLICATION DU MONTAGE DES MAISONS :

Avant de commencer toute découpe, lis attentivement ces explications :

Découpe avec une paire de ciseaux les différents éléments en suivant le trait noir. Conserve le croquis de montage.

Plie bien comme il faut selon les pointillés et pose de la colle, de préférence en tube, sur les languettes marquées d'une croix (x).

Colle les 2 parties de chaque maison entre elles ainsi que les languettes pour faire tenir le toit.

OFFERT PAR LA VACHE GROSJEAN
