

Arc De Triomphe

The Arc de Triomphe

Originally, a triumphal arch was a temporary built in honor of a victorious military chief. Therefore, passing under an arch had a purifying power. The construction of the Arc de Triomphe de l'Étoile in Paris, approved by Napoleon, began in August 18, 1806. Due to several problems, its inauguration was delayed and it was finally completed only 20 years later. Napoleon only saw a model of the arch, which was erected in 21 days, for the arrival of the young emperor Marie-Louise, on April 2, 1810.

L'Arc de triomphe

A l'origine, un arc de triomphe était une porte érigée à la gloire d'un chef militaire victorieux. Le passage sous l'arc avait donc un pouvoir purificateur. La construction de l'Arc de Triomphe de l'Étoile, à Paris, décidée par Napoléon, débuta le 15 août 1806. Son inauguration a été retardée par de nombreux problèmes et c'est only complétée que 20 ans plus tard. Napoléon n'a vu qu'un modèle de l'arc, érigé en 21 jours pour l'arrivée de la jeune impératrice Marie-Louise, le 2 avril 1810.

El Arco de Triunfo

En su origen, un arco de triunfo era una puerta erigida en honor de un jefe militar victorioso y el pasar bajo un arco tenía entonces un poder purificador. La construcción del Arco de Triunfo de l'Étoile en París, decidida por Napoleón, empezó el 15 de agosto de 1806. Su inauguración se retrasó por numerosos problemas y no la de celebrar 20 años para ver su construcción finalizada. Napoleón solo pudo ver una maqueta del arco, erigida en 21 días, con ocasión de la llegada de una joven emperatriz María-Luise, el 2 de abril de 1810.

L'Arco di Trionfo

Il presiede un arco di trionfo era una porta eretta alla gloria di un capo militare vittorioso. Il passaggio sotto l'arco assumeva quindi un valore purificatore. La costruzione dell'Arco di Trionfo di l'Étoile, a Parigi, decisa da Napoleone, iniziò il 15 agosto 1806. La sua inaugurazione è stata posticipata a causa di numerosi problemi per essere completata 20 anni dopo.
